Update your Facebook Frame

1. Go to <https://www.facebook.com/profilepicframes/>
2. Search 'pawgust'
3. Select the template you'd like to use
4. Click 'Use as Profile Picture' to update

Additional Options:

- You can 'add a description' before updating so that when it appears in your news feed, people know why you've updated your frame.

An example description could be:

I've gone barking mad and I need your help! This August, I am braving the cold and challenging myself to go <insert walking or running> <insert how many minutes> a day to raise funds for Guide Dogs. Rain, hail or shine, I'll be pounding the pavement for Guide Dog pups. It's going to be RUFF but it's for a great cause. Please support my challenge today by donating to my fundraising page - <insert your fundraising page link here> Together, we can create a world where everyone who needs a Guide Dog, has a Guide Dog.

- You have the option to select how long you want the template to stay active. We recommend until the end of August.
